But ... my 127 diaries –Meine 127 Tagebücher –mes journales – i miei diari dedicated to my mother Ellen Drexel who learnt me to make notes to remember project 2027, for my 80th birthday on April 13, 2027: all essential excerpts of Ellen Drexel's diaries

Having read the pages of the introduction to my anti Wagner cult book , it's 9th chapter and 12th chapter , the 2 two pages on my 25 vimeo v films , there is no doubt about my ethical position against Wagner and its international cult with the temple centre in Bayreuth. Remains the question: has mankind learnt anything from its history ?
